

How the Language is Taught

Rosetta Stone uses rich visual imagery to help students learn and think in a new language. The association of language and images is an integral part of the Dynamic Immersion[®] method, ensuring a direct connection between words and their meanings.

Rosetta Stone systemically builds nouns and verbs into complete sentences and dialogue. And in keeping with national and state standards, the program helps students build everyday proficiency in each of the four key language skills:

- Listening comprehension
- Speaking
- Reading
- Writing

The Rosetta Stone method works because it's:

- intuitive
- interactive
- visually engaging

How to Register for a Language Course

1. Language courses are offered to all students in grades 9-12.
2. Courses may be taken during one of the student's elective periods or at home.
3. If the course is taken at home, this will be referred to as 8th hour on the elective sheet.
4. Students will be given a log-on ID and a password for 24/7 access to their program.
5. Simply mark the elective form with the selected hour. Then in the blank write the language you will be taken and what level
6. (i.e. Spanish I).
7. There will be a course fee of \$50 for each language taken (maximum of two languages). In addition, the student will need to purchase a headset for \$25.
8. Return the completed elective sheet to the school office by Wednesday, July 15, 2009.

What is Rosetta Stone

■ Solutions for Measurable Language-learning Success

- ✓ Rosetta Stone's engaging, award-winning program correlates to state and national standards, so you know your student is getting the very best language-learning solution available.
- ✓ The user interface captivates students from the first screen, keeping them engaged in learning while the program helps them acquire critical language skills.

■ Innovative Technology

- ✓ Advanced speech recognition technology guides students to more accurate pronunciation.
- ✓ Contextual Formation™ engages students in lifelike conversations that let them produce spoken or written sentences from words and phrases they've learned.
- ✓ Adaptive Recall™ schedules review material to appear at optimal intervals to test new language knowledge and ensure retention.

■ Engaging Activities

- ✓ Interactive speaking activities help students begin to speak the new language in just a few screens.
- ✓ Milestones at the end of each unit simulate real-life conversations.
- ✓ Interactive grammar and spelling activities reinforce lessons and make language learning fun.

■ Teacher Oversight

- ✓ At SCS, a teacher oversees and monitors the student's progress to ensure they are staying on track
