

Practice Contest Rules

Mrs. Layug's studio

- 3-4 days of practice= red or blue star
- 5-6 days= silver medal sticker
- 7 days=gold medal sticker

If a lesson is missed because of absence or no school, 5 days still = silver sticker (that is my requirement for an A). However, a gold sticker=at least 10 days.

If a lesson is missed because of forgetfulness, the student is still responsible for both weeks' practice in full—5 days each week for silver, 7 days each week for gold.

At our end-of-year concerts I will be giving special recognition to all students who have consistently been “silver medalists” or “gold medalists.” (I am not counting the introductory week of the contest, and will give one “grace week” each semester).
