Scores soar at Schaumburg Christian School

Students at Schaumburg Christian School (SCS), 200 N. Roselle Road in Schaumburg continue to test well above the national norm on the Stanford Achievement Test (SAT) which was administered to all students in kindergarten through 12th grade.

The SAT, given annually in the spring, is designed to measure student achievement in the areas of reading, mathematics, language, spelling, science and social science. The report compares student performance nationally with other private and public school students that are in the same grade. All grade levels at SCS scored in the top 10% of the nation.

According to Jim Toth, SCS Administrator, student success is attributed to, "a challenging curriculum, outstanding disciplined teachers, classrooms conducive to learning and strong communication between teachers and parents."

Schaumburg Christian School is an academic institution offering a high quality, Christian education from a three-year old preschool program through college preparatory high school. With an enrollment of over 1000, SCS is located in Chicago's northwest suburbs. SCS offers an educational experience that is filled with both excitement and opportunity, where each student is important. SCS, a ministry of Bethel Baptist Church, is a private educational institution that is known for its commitment to excellence and has a proven track record of helping families.
