Schaumburg Christian School Welcomes International Students

Beginning in the 2010-2011 academic school year, Schaumburg Christian School (SCS) is now one of a limited number of schools in the state of Illinois that accepts international students and issues an I-20 form. Foreign students look for many opportunities to study in the United States enabling them to enhance their education and English proficiency.

Students wishing to study in the United States must complete a rigorous, multi-step application process including obtaining a government issued Visa, securing a United States resident host family, completing an international school application, as well as a number of other steps.

According to Jim Toth, SCS School Administrator, "the student body at SCS is as diverse as the community around us. We count it a privilege to take part in the International Student Program and look forward to assisting these students as they continue their studies in America, learn more about our culture, and increase their bilingual abilities through our language-learning curriculum. These students will also have opportunities at SCS to increase their skill set in the areas of athletics and fine arts."

SCS, located at 200 N. Roselle Road in Schaumburg, offers a high quality, Christian education from preschool three through college preparatory high school. SCS is a ministry of Bethel Baptist Church.
